Team lists for the tournament must be submitted through the online system provided at <http://uwr.herokuapp.com>. We are still setting up this process, so please be patient with us. A follow up email will be sent with further information on this.

Team lists must be finalised before the team's first match. The team list used in the first match will be considered final. Any player not registered in the system will not be allowed to play.

For team leaders, instructions on how to register your team can be found [here](#).

For players, instructions on how to register can be found [here](#).

We are in the process of confirming if AUF Membership is required for this competition.

Refereeing:

Each team must nominate at least 2 referees, who may or may not also be players in that or any other team. 2 or more referees will need to be nominated by Friday the 14th of September 2018. Only nominated referees will be allowed to officiate matches.

Following the current UWRA by-laws, all nominees must be either certified AUF Level 1 or provide sufficient proof of refereeing capabilities in order to be allowed to officiate matches. We will contact your club before the event so you can nominate your referees.

If a team cannot provide such referees then appropriate officials will be assigned to referee the matches that are their responsibility. This will be done at a cost of \$20 per referee, per match. This money will be given as payment to the officiating referee.

Referee time slots in the schedule will be allocated taking into consideration the matches that the team has to play, not the matches that the nominated referee may have to play. This means that playing referees nominated for teams other than their own will not receive special consideration.
